BRIEFING

Duelers is much more than a platform game, there are several things you can do:

- Wager with other players in **1vs1** games
- Take part in **multiplayer tournaments**
- **Build**, play and share your own levels
- Access **minigames**
- **Customize** your characters
- And much more!

BE THE FASTEST!

Duelers is an exciting **platform game** where you must conquer numerous obstacles and enemies to become the fastest player.

As you progress through each level, you'll come across various items that grant you different **powers** to help you overcome the most challenging obstacles. Make sure not to miss any of them!

DON'T MISS ANY TOKEN!

We've added a **twist** to the game. In every level, you'll find a handful of **TRX tokens**. Each token you miss will result in a one-second time **penalty** at the end of the level.

While some tokens are placed along the main path, others are **hidden** away and require you to explore new routes and take risks.

Will you prioritize collecting all the tokens, or focus on completing the level as quickly as possible? The choice is yours.

ENERGY & SUPERPOWERS

If you collect the lightning bolts that you'll find in each level, you can fill your energy bar, which will allow you to use one of the 3 superpowers:

SUPER JUMP: It lets you reach areas that would be otherwise inaccessible.

SUPER SPEED: It gives you a boost to get faster to the finish line.

SLOW-MOTION: It helps you overcome difficult obstacles.

Decide on your strategy and use the powers wisely!
